

# Junior Ranger Art Bench Trail Activity

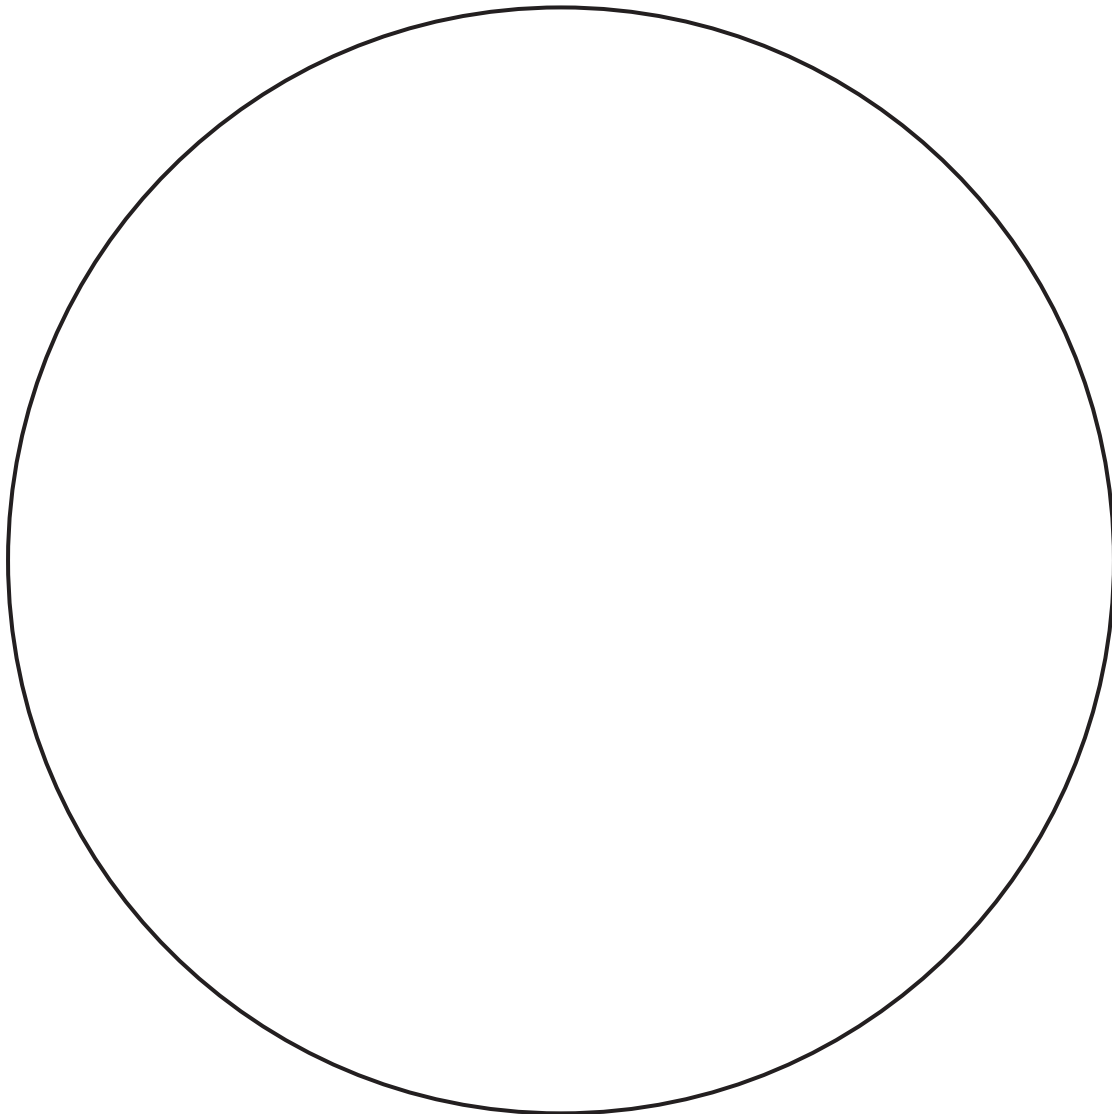

## Make a Micro-discovery

This activity can be done at any of the art benches.  
Bring paper, a pencil and crayons or colored pencils or markers.

### Have you ever explored nature through a spy glass?

Roll a piece of paper into a viewing tube. Find a place where you can crawl around a little. Using the viewing tube to look through, search for a micro-discovery -- a scene or object that looks interesting to you and is very small. Draw it below.

**Now, use your viewing tube to look closely at the art bench.  
What do you notice that you didn't before?**
